The Ordinances No. 2 of 1859, and No. 3 of 1862, authorize the exemption of certain articles of Machinery, and Paper, from duty. Warehouse Rent charged upon goods placed in the Queen's Warehouses is levied by Governor's Minute of the 22nd June 1853, under authority of the 72nd Clause of the Ordinance No. 18 of 1852.

PORT AND HARBOUR DUES.

Port Dues are levied under the Ordinance No. 18 of 1852. The rates are two pence per ton inwards, and two pence per ton outwards on loaded Vessels,—but no Vessel is liable to more than £5 on any one voyage, whatever may be the tonnage of the Vessel. Under this head are also brought to account receipts for the hire of Government Boats and Moorings, and half pilotage fees recovered under the Ordinance No. 2 of 1847.

LAND SALES.

Under this head are included the Receipts derived from the Sale of Crown Lands and Cinnamon Gardens, under the Rules laid down in the Minutes of the Governor of the 14th January, 1857, and 1st August, 1861, and the half improved value of land under the provisions of the Ordinance No. 12 of 1840, also the sale of Paddy Lands in the Irrigation Districts, under the Minute of 27th February, 1857.

LAND REVENUE.

Tax on Paddy.

The Receipts classed under this head are derived from the Tax of one-half, one-third, one-fourth, one-fifth, one-tenth, one-fourteenth, or one-twentieth of the produce.

The Tax is levied on the authority of immemorial usage, and is particularly recognized by the Proclamations of the 3rd September 1801, the 22nd April 1803, and the 21st November 1818, and the Ordinance No. 14 of 1840.

In the Central Province this Tax was, till 1826, levied by an Annual Assessment of the Crop of each harvest, and was chiefly collected in kind. In the Districts adjacent to the Town of Kandy, the Assessment was then commuted with the consent of the proprietors, for the annual payment of a given quantity of Grain, which arrangement continued in force till the end of 1830, when that system was further extended by giving the proprietors the option of paying the Assessment, either at a fixed rate of money, or in kind, and even of

redeeming the Tax in perpetuity by payment of the Assessment for 20 years. In 1832, the first settlement having expired, a renewal of the Commutation Assessment was entered into throughout the former commuted Districts.

The Commutation System is also in full operation in some Districts of the Western Province. In the Southern Province the Renting system alone is adopted, but in the Northern and Eastern Provinces the average of the Renting and Commuting systems is nearly equal.

Tax on Fine Grain.

Recognized by the Proclamations of the 3rd September 1801, and the 22nd April 1803, (which impose generally a Tax of one-tenth on the produce of all high lands, viz. of lands not adapted to the cultivation of Paddy,) and confirmed by the Ordinance No. 14 of 1840. In the Western Province no Tax is levied on fine Grain, raised on private Land, and when raised on Crown Lands without authority, it is discouraged by seizure of crops and prosecution.

In the Northern Province the rate of Tax is one-fifth for jungle cultivation, and one-tenth for all the others.

In the Kandyan Territories, Fine grain is exempted from Taxation under the Proclamation of 21st November 1818.

Rent of Gardens.

This Revenue is derived from the produce of Government Gardens either rented or collected in aumany, (that is in kind.)

Tithes Redeemed.

A measure adopted in 1813, by Government, under the conviction that proprietors of Paddy lands would cultivate them more carefully and with greater advantage to the public, if subjected to one-tenth only, instead of the one-half or one-fourth. The redemption is effected by the owner paying the estimated value of the difference of Tax for eight or ten years at one payment. The cases of redemption of this nature are however few in number, and the permission to redeem the Tax altogether, which was at one time granted on the application of the owner, has been suspended.

Rent of Lands.

The Receipts under this head are collected from the Rental of Government Land, leased at will, and a fixed rate per acre on Government Lands encroached upon by private parties.

Royalty on Plumbago and Cabook Stones.

A Royalty at the rate of 14 shillings is charged for every ton of Plumbago dug from Crown lands in certain Corles in the Western Province; and a payment of 7*s.* 6*d.* is levied on every 1000 Cabook Stones cut from the Government pits in the District of Colombo.—In the Southern Province the Royalty on Plumbago is 1-10th on the ascertained value of the article.

The License is granted by the Government Agents on the payment of the sum of £2, and is in force from the date of such grant until the end of the year.

This branch of Revenue which is peculiar to the Northern Province, is protected by the Ordinance No. 4 of 1842.

By Ordinance No. 14 of 1857, the importation of Salt into this Island is allowed on payment of a duty of 4*s.* 3*d.* the cwt. The Ordinance No. 17 of 1840, makes further provision for the protection of this source of Revenue. By the Ordinance No. 5 of 1856, jurisdiction is given to Police Courts over offences punishable under the Ordinances above referred to, and the law relating to this branch of Revenue is also amended in certain respects.

His Excellency is also pleased, on the recommendation of the Superintendent of Wrecks, to approve of the following Regulations for the guidance of Receivers:—

1.—*Receivers will bear in mind, that the principal object of the Ordinance No. 5 of* 1861, *and of their appointment thereunder, is,*

1st, The rendering of assistance.
2nd, The protection and preservation of wrecked property, and the restoration thereof to the owners.
3rd, The protection of the Customs Revenue
4th, The settlement of Salvage claims.

The provisions of clauses 3, 7, 8, 14, 16, 17, 21 to 27, and 31 to 32, give them full powers to carry out these objects.

2.—*Inquiries into Wrecks and Casualties at Sea, Clause* 3; *Ships in distress, Clause* 14.

In making these inquiries the officer will remember that he is exercising a highly important function, and that his report may be the foundation of proceedings deeply affecting the interests of individuals; he must therefore most carefully endeavour to arrive at the truth, and should especially direct his attention, whether the casualty happened from avoidable or unavoidable causes,—particularly as to the

(a) Unseaworthiness or insufficient equipment of the Ship.
(b) Insufficient or improper manning.
(c) Improper loading, overloading, bad stowage.
(d) Misconduct, incompetency, or neglect of Master, officer, or crew.
(e) Ignorance of lights, or navigation of the Coast.
(f) Neglect of heaving the lead.

3.—*Custody of wrecked property, Clauses* 9, 16, 17, *and* 18.

Clause 9.—This clause refers to property recovered from a ship wrecked or in distress at the time of wreck or casualty, and the object of its provision is to secure the property in the confusion which attends a shipwreck; to protect the Customs' Revenue; to provide for payment of fees, expenses, and salvage claims. But if the Master, or if the owner, or any duly appointed Agent of Owner or Master is in possession, and is able to take and keep custody of the property, and if all claims are paid or provided for by proper security, the Receiver need not take possession or detain the property, but he will offer his services, and render such assistance as may be required.

Clauses 16 and 17 refer to Wreck saved or taken possession of at any other time.

Clause 18.—This notice should be given when the Wreck in custody exceeds the value of £5, and the particulars of all articles taken possession of by the Receiver, will be entered in the Report Book No. 1, per form annexed.

4.—*Wreck arrested by order of Court of Law.*

When a derelict ship in the custody of a Receiver, or other wrecked property detained by the Receiver for the payment of salvage, is arrested by virtue of a Warrant or other instrument of Court, the Receiver should not give up the claims to Fees and to any expenses he may have incurred, but should send a copy of his account to the person taking such charge, giving notice of his lien, and that the property must not be restored until the amount of his claims be paid. A copy of the account and notice should also be forwarded

to the Registrar or Secretary of the Court issuing the Warrant; and in the event of property being restored without payment of Receiver's claims, he should report the circumstances to the Superintendent of Wrecks and should resume possession of the property until his claims are satisfied.

5.—*Sale of Wreck Property, Clauses* 19, 27, *and* 28.

Clause 19 provides for the disposal of Wreck of small value, either derelict, flotsam or jetsam, so constantly found on the Coasts of this Island; and should the Receiver find it necessary to sell property under the provisions of clause 27, he will, if the property be claimed, endeavour, in doing so, if possible, to act in concert with the owners and insurers.

All sales of importance and value should be advertized in the Gazette and local papers; and notice of intended sale affixed at the Custom House of the Port. The account of Wreck sold is to be made in form No. 3 (annexed.)

6.—*Salvage, Clauses* 21 to 26.

The decisions of questions as to Salvage, if the parties cannot agree, must be determined by the Court having jurisdiction in that behalf; but the Receiver has important duties in endeavouring to settle salvage claims amicably, in providing for what may be due by detaining the property saved; in releasing the property on proper security being given; in selling the property when necessary to satisfy the claim of Salvors; and in apportioning money paid in satisfaction of such claims; and the Receiver will recollect that whilst providing for the claims of bonâ fide Salvors, he must, as far as he can, protect property against vexatious and improper claims.

The essentials of Salvage Service are,—

(a) The degree of danger from which the lives or property are rescued.
(b) The value of the property saved.
(c) The risk incurred by the Salvors.
(d) The value of any property by the use of which the services are rendered, and the danger it was exposed to.
(e) The skill shewn in rendering the service.
(f) The time and labour occupied.

The Salvage should be in proportion to the use of these essentials; but where scarcely any, or only the last exist, and the same is little more than mere work or labour, it should be rewarded accordingly.

The amount of reward should not however increase in direct proportion to the value of the property; and as a general rule it may be borne in mind, that the Courts of Admiralty, very seldom, if ever, give more than one half the value of the property saved.

7.—*With a view to encourage Salvors and finders of unclaimed Wreck and drift goods sold and taken charge of by Receivers under provisions of Clauses* 19 *and* 28, *the following rewards may be given, viz:*—

Upon the net value of property of £2 10*s.* or under (Two-thirds.)	$\frac{2}{3}$
When it exceeds £2 10*s.* and under £5 (One half.)	$\frac{1}{2}$
When of £5 and above (One third.)	$\frac{1}{3}$

8.—*Delivery of Property to Owners.*

On payment of all sums due for salvage, duties, fees, and expenses, the Receiver will deliver up all property which comes into his possession or custody, and the proceeds of such parts of it as may have been sold, to any person who proves himself to the satisfaction of the Receiver to be the owner of such property, or agent duly appointed by him, taking receipts for the same. The Owner of the Ship being responsible for the cargo, and the Master of the Ship having, as the servant of the owner, the legal custody thereof, the Receiver will treat the Master when present, as the agent of the owner, not only of the Ship, but also of the cargo; unless and until it is clearly proved, that the owners of either have put an end to such agency.

9.—*Accounts and Returns*

The Receiver will keep a Report Book according to form No. 1, in which he will enter the particulars of every description of article taken into his custody. The reference numbers are to commence with No. 1 on 1st January of each year.

The reporting of goods taken possession of for the Receiver should be made according to form No. 2, and the sale account per form No. 3.

The Quarterly Returns, as per form No. 4, are to be forwarded through the Superintendent of Wrecks; and the net proceeds of all Wreck the property of Government as unclaimed, is to be paid into the General Treasury, quarterly; the Treasurer being required to receive such monies on account of Wrecks.

By His Excellency's Command,

W. C. GIBSON,
Colonial Secretary.

Audit Office,
Colombo, 13th June, 1864.

R. T. PENNEFATHER,
Auditor General.

REMARKS.

No. 1. ARREARS OF REVENUE.—The decrease under this head is chiefly in the Western, Southern, and Central Provinces,—it is attributed to the Rents of 1862, having been paid up regularly, leaving a very small balance of that year to be recovered in 1863.

„ 2. CUSTOMS.—The increase under the head Imports, is owing to larger Importation of goods, &c., in 1863, than in 1862.

The increase under the head Exports, is owing to a larger Exportation in 1863 of Coffee, Cocoanut Oil, and Plumbago.

„ 3. PORT AND HARBOUR DUES.—The increase under this head is chiefly at the Ports of Colombo, and Galle, and is attributed to the arrival of a larger number of Vessels in 1863.

„ 4. LAND SALES.—The increase under the head Waste Lands is chiefly in the Western, Southern, and Central Provinces, and is owing to more extensive Sale of Lands in 1863 than in 1862.—As regards "Cinnamon Gardens," the Government Agent, Colombo, states that no building lots have been sold in 1863, owing to the difficulty in adjusting claims for compensation made by the lessees, for portions withdrawn from their control.

„ 5. LAND REVENUE.—The increase is chiefly under the head "Paddy," and is owing to a better harvest and more extensive cultivation in 1863, than in 1862, the increase under the head "Royalty on Plumbago:" is owing to a greater number of application to dig for Plumbago in Crown Lands.

„ 6. RENTS.—The increase under this head is chiefly in the Western and Central Provinces, and is attributed to higher prices having been obtained for the Toll Rents of 1863.

„ 7. LICENCES.—The increase under the head "Arrack, Rum and Toddy," is chiefly in the Western, North-Western and Central Provinces, and is owing to better prices having been obtained for the Arrack Farms of 1863-64.

The apparent decrease under the head "Retail of Salt," the Government Agent of Jaffna states, is owing to a sum of £836 for the Salt Rent of Jaffna having been brought to account in January 1864, instead of in the 31st December, 1863.

„ 8. STAMPS.—The increase in Blank Stamps, is chiefly in the Central Province,—the Government Agent states that it is owing to extension of trade and briskness of speculation, especially in buying and selling landed Property.

There is also an increase in Postage Stamps, and Composition for Stamp Duty on Bank Notes in circulation.

„ 9. TAXES.—The increase under this head is in the Western Province, and is attributed by the Agent to a system of distraint constantly enforced with regard to Arrears.

„ 10. POSTAGE.—
„ 11. FINES.— } The increase under the head Postage and decrease under the head Fines can only be regarded as casual.

„ 12. SALE OF GOVERNMENT PROPERTY.—The increase under the head "Salt," is in the North-Western and Northern Provinces, and is attributed to a large demand for Salt in 1863.

The increase under the head "Commissariat Stores, &c.," is owing to larger payments, by Public Departments for Stores, &c., in 1863 than in 1862.

There is also an increase under the head Arrack and Rum, which, the Government Agent, Jaffna, states, is the effect of bringing to account under the "Aumanie Management" of the Rent, the whole gross proceeds of sale of the Arrack," whilst under a "Rent" the receipt is of course, only a share (with the Renter) of the net proceeds of the sale of the Spirits."

„ 13. RATION STOPPAGES.—Decrease—Casual.

„ 14. ELECTRIC TELEGRAPH.—The increase under this head may be attributed to the use of the Electric Telegraph being adopted more largely in the transmission of messages, particularly to and from the Coast.

„ 15. REIMBURSEMENTS.—The increase under this head is chiefly in the items of Surveying fees recovered and Passage money of Immigrant Coolies, which is a new item of Receipt.

„ 16. INTEREST.—The decrease under this head is chiefly owing to the interest on the amount of Export Duty funded, allowed by the Oriental Bank Corporation for 1862, having been brought to account by the Treasurer in that year as a Revenue Receipt, instead of as "Deposit Export duty funded."

„ 17. MISCELLANEOUS.—The increase under this head is owing chiefly to the sum of £3,226 received from the Oriental Bank Corporation in 1863, on account of the Immigrant Labor Commissioners.

„ 18. SPECIAL RECEIPTS.—Increase—Casual.

„ 19. PEARL FISHERY.—There was no Fishery at Aripo in 1862.

„ 20. GOVERNMENT VESSELS.—Increase—Casual.

„ 21. RECEIPTS BY THE AGENTS IN LONDON.—The decrease under the head Dividend on account of Widows' Fund, is owing to the withdrawal in 1862, of the amount invested in the Bank of England on account of that Fund.

The decrease under the head Drawbacks, Incidental Receipts, &c., is owing chiefly to the Agents having brought to account in 1862, certain extraordinary receipts, viz., £537, from the underwriters in respect of the Steamer "Pearl," and £785 from the War Department in re payment of an overcharge for Billhooks.

54.—Miscellaneous.—The decrease under this head is chiefly in the amount expended by the Agents in London on account of Miscellaneous charges.

The expenditure in 1862 was £2,972, and in 1863 £974.

55.—Interest.—The decrease under this head is owing to a portion of the Dutch Credit Brieven, on which Interest is paid, having been redeemed in 1862.

56.—Colonial Commissariat.—The decrease under this head is chiefly in the amount expended for Stores procured from England.

57.—Colonial Pay and Allowance.—The decrease under this head may be attributed to the departure of the 50th Regiment from the Colony in October, and also to that of some of the Officers belonging to the Staff. The charges on account of Transport brought to account in 1863 is also less than in 1862.

58.—GOVERNMENT VESSELS.—The increase is chiefly owing to the expenses attending the repairs of the Pearl at Calcutta and Coconada having been brought to account in 1863.

59.—REFUND OF DUTIES, &c.—The decrease is owing chiefly to a large payment made in 1862 by the Government Agent, Central Province, on account of compensation to the Asgeria Temple on a decree of the District Court for loss sustained by that Establishment on account of certain lands sold by Government as Crown property.

60.—LANDS TAKEN FOR GOVERNMENT PURPOSES.—The decrease under this head is owing to more lands having been purchased in 1862 for public purposes than in 1863.

61.—IMMIGRATION—The increase is chiefly, in the amount expended by the Government Agent, Jaffna, on account of Immigrant Coolies.

62.—REDEMPTION OF DUTCH CREDIT BRIEVEN.
63.—ELECTRIC TELEGRAPH. } No expenditure was incurred under these heads in 1863.

64.—RAILWAY LIABILITIES.—The increase under this head is owing to the amount of Export Duty having been brought to account in 1863, as a charge against the Vote under the head "Railway Liabilities" and funded in the Oriental Bank Corporation; whilst in previous years the amounts were only taken credit for in the Public Accounts as "Export Duty funded."

t 7 8 — The duties of the Queen's Advocate are, in many respects, analogous to those of the Attorney General in England, though in other there seems to be a close resemblance to the office of Lord Advocate in Scotland. The Queen's Advocate acts on all occasions as the Legal adviser of the Government. The Legislative Enactments of the Government are prepared by him. All Contracts and Deeds entered into by or made in favour of the Government are submitted to him for his opinion; and executed under his directions. He also acts, after the manner of the Lord Advocate in Scotland, as Grand Juror and Public Prosecutor. He instructs Magistrates in Criminal proceedings and all informations in the Supreme and District Courts are in his name and prepared under his superintendence. He appears for the Crown in all Civil cases in which it is interested.

u 34 5, *w* 3 2 — These Clerks act as amanuenses in copying official correspondence and all other papers which pass through the Office of the Queen's Advocate.

Gold is mostly at a premium, ranging this year for the British 47*s.* 6*d.* to 28*s.* per cent., and for Australian 17*s.* 6*d.* to 3*s.* per cent.

Coins cut, defaced, and worn, not received, as per Circular of Government dated 19th November 1859.

AMOUNT OF COIN IN CIRCULATION.

The quantity of Gold and Silver coins in circulation cannot be stated with any degree of accuracy.

The Banks are required to have a reserve of specie equal to one-third of the amount of Bank Notes in circulation. The declared average *Monthly* Circulation of Notes by the Banks has been about £258,326; and the Treasurer has always found the reserve considerably to exceed the required one-third.

Gold (English) is imported by the Banks and Mercantile firms, but not to the extent of the Australian Sovereigns, of which considerable amounts are monthly imported to meet the demands for Southern India, and to profit by the generally favourable rates ruling in Ceylon for Bills on England.

The Silver Rupee coin in circulation is imported from Bombay and Calcutta, and a large portion of it again exported for Southern India, for the purchase of Rice, Cloths, &c. There has been no importation of British Silver by Government or the Banks for many years.

AMOUNT OF PAPER CURRENCY IN CIRCULATION.

Amount of Treasury Notes in circulation on the 1st January 1863	£925
Do. of Notes withdrawn in 1863.	1
Amount of Notes in circulation on the 31st December, 1863	£924

Since the withdrawal from circulation of the Treasury Notes, the Notes of the Oriental Bank Corporation and those of the Mercantile Bank have been received at the Treasury and the several Cutcherries of the Island, in payment of Revenue; the average amount in circulation for 1863, according to the duties paid under the Ordinance No. 2 of 1861, was £532,331.

REMARKS ON SQUATTING.

By the Government Agent for the Western Province.

Squatting, as a practice, can scarcely be said to exist in the Western Province. In rare instances, native traders have been found to occupy ground of very limited extent,—a few perches at the utmost on the road sides, for their boutiques, under the temptation of being able to expose their goods for sale more advantageously in such situations; but these persons have been induced to pay a moderate quit-rent for the ground they occupied, and since the facilities for survey have been provided, even to purchase them.

(Signed) C. P. LAYARD,
Government Agent.

By the Government Agent for the North-Western Province.

Putlam—Encroachments on Crown Land in the neighbourhood of the Towns and Villages of this District are becoming constantly more extensive, as the population increases in number and wealth. The primary cause of this irregularity is the want of an intelligent Survey of the ground so situated, as many persons who would be willing to buy small parcels of land near their houses are unable to purchase a large allotment, and these are driven to squat on the land which they cannot otherwise possess, but to which they lay a claim after a few years of unauthorized occupancy.

(Signed) E. L. MITFORD,
Assistant Government Agent.

By the Government Agent for the Southern Province.

No new instances of squatting occurred in 1863.

(Signed) W. G. FORBES,
Government Agent.

By the Government Agent for the Eastern Province.

Squatting, with a view to permanent settlement, is rare, but the temporary occupation of Crown lands without license, or in excess of license, for the cultivation of Chenas still prevails to a great extent in the Batticaloa District.

In the absence of a proper staff of Surveyors, the extent to which squatting has been carried on cannot be ascertained, but within the last 4 years numerous small pieces of land thus occupied have after Survey, reverted to Government, or the occupiers have received Grants on payment of half the improved value.

(Signed) W. MORRIS,
Government Agent.

By the Government Agent for the Northern Province.

I am not sure that I rightly understand the meaning of the word squatting; but as understood by me, there is not any such practice as known to me in this Province. In the course of many years during which the services of a Surveyor was refused to this Province, a number of small pieces of land adjoining to, and mingled with, the private land of the villages has been cleared, cultivated, and planted, which land it is now perfectly impossible to identify as ever having been Crown Land.

(Signed) REGINALD C. POLE,
For Government Agent.

By the Government Agent for the Central Province.

Squatting on Crown Lands was at one time very prevalent in the Province, owing to the large influx of Singhalese from the Maritime Districts, and of Malabars from the Continent of India, consequent on the extension of Coffee planting, and the inducement held out to these men, to settle in the vicinity of Estates in search of an honest livelihood, or as is more frequently the case, for the purposes of dishonest gain. Every practicable method of putting a check on this practice has been resorted to during the last few years; and the most effectual mode has been found to be the survey and sale of small lots of land suitable for natives. I am happy to be able to say, that by this means, and by the adoption of vigorous measures to eject squatters, the evil has been considerably diminished, and I do not despair of seeing it almost disappear by degrees.

(Signed) F. B. TEMPLER,
Government Agent.

Wellicadde, Colombo.—One governor of gaol, one chief turnkey and clerk of works, one turnkey, four overseers, three master artificers, and twenty-two gaol guards. The governor of the gaol, the medical officer, the chief turnkey, and one overseer, reside on the prison grounds. Female prisoners are attended by female officers exclusively.

Hulfsdorp, Colombo.—A gaoler and assistant gaoler, and an overseer, appointed by His Excellency the Governor; a turnkey and Eighteen gaol guards appointed by the Fiscal. The gaoler resides in a quarter set apart for him within the gaol premises. Female prisoners, when confined in the gaol, are attended by a matron, who is appointed by the Fiscal; but all females have of late been sent to Wellicadde, as in that gaol there are better means of keeping them separate from the males than in this.

Pantura.—Two officers, namely turnkey and gaol guard. The gaol guard resides in prison. The female prisoners are attended by female officers.

Caltura.—Three guards appointed by the Deputy Fiscal of Caltura, and a turnkey by Government, all reside in the gaol. When there are female prisoners, the necessary provision is made.

The gaolers are appointed by the Governor, and the guards or peons by the Fiscal. None of the officers reside in the gaol; the duty is however taken in rotation by the gaol guards. Matrons are employed over female prisoners, when there are any confined; but there are no permanent female attendants.

SOUTHERN PROVINCE.

There is a gaoler in charge of each prison, and peons to assist him. The gaolers of *Galle* and *Matura* reside in the gaol, but at other stations this is not practicable. When there are female prisoners, a matron is hired.

EASTERN PROVINCE.

The Fiscal, appointed by His Excellency the Governor, and his Deputies, by himself, as well as a gaoler at each station appointed by the Governor. The Gaoler at Trincomalie has not resided in the gaol since March last. At *Batticaloa*, the gaoler does not reside in the gaol, as there is no room available. ANSWERS TO QUESTION IV.

WESTERN PROVINCE.

Wellicadde, Colombo.—One wing of the northern enclosure is appropriated to the sick; the other for European, Burgher, and female prisoners. The central space between the wings is used as a place for assembling the prisoners for work, meals, &c. Hulfsdorp, Colombo.—Six large cells capable of containing sixteen prisoners in each, and thirty cells capable of containing three prisoners in each; two other large rooms, intended for females, have been converted into a surgery and hospital. The debtors are confined in a separate building consisting of three large rooms. There are no workshops, as trades are not carried on in this prison. The prisoners are engaged in public works outside the walls during the day. The space for extending the building is very limited.

Pantura.—None.

Caltura.—None.

Negombo.—The gaol is described in the answer to the first question. It can be extended advantageously, so as to enable the officers to reside there.

Kaigalle.—There are four wards or rooms used by prisoners. They cannot be extended or increased.

Arishawelle.—None.

Ratnapoora.—The gaol consists of eight rooms, which are thus occupied, viz:—one for criminals, one for hospital, one for debtors, one or two, if required, for untried prisoners, one for female prisoners, one for kitchen, and one for the turnkey. This Classification has not been strictly observed.

NORTH-WESTERN PROVINCE.

The gaols do not admit of classification. The female prisoners at *Kornegalle* are confined in the room marked No. 1; No. 2 is used as a room for the sick; No. 3 for prisoners under sentence, and for debtors; No. 4 for convicts.

The gaol at *Chilaw* consists of one room, affording accommodation for about ten men.

The *Putlam* gaol has three rooms; one large enough to hold ten men, and the other rooms are capable of holding three men each.

The *Calpentyn* gaol consists of two rooms; one is used for the female prisoners, and the other for the male prisoners.

SOUTHERN PROVINCE.

The gaol at *Galle* has three large wards, a hospital, two cells, two small rooms, and the gaoler's apartment. There is a verandah and a yard in front of the rooms of the principal division. The quarters allotted to the gaoler consist of one long room divided into two by a canvass partition, and a cooking apartment is attached; the whole being separated from the yard by a fence.

The *Matura* gaol has three spacious wards, used as sleeping apartments, with two detached rooms which serve as a hospital.

The *Tangalle* gaol has three rooms.

The *Hambantotte* gaol is a quadrangular building, consisting of three large wards, viz. hospital, gaoler's room, and wards for females and civil prisoners, with a guard house in the entrance or gateway.

There are six rooms in the *Batticaloa* gaol, and a yard of 2534 square feet in extent.

NORTHERN PROVINCE.

Jaffna.—Supreme Court prisoners, District and Police Court prisoners for further examination, prisoners for trial, Burgher debtors and Native debtors, are kept apart as much as practicable. Female prisoners are confined by themselves in a separate building.

Manaar.—Classes, &c., none; airing yards four, on the back and front of the rooms. They cannot be extended or increased without encroaching on the ground forming the centre of the Fort.
Mullativo.—None.
Anaradhapoora.—None.

Badulla.—Five wards; one of which is used for convicted prisoners, one for those under examination, one for female prisoners, and one for sick prisoners. There are no day rooms or work rooms. The gaol stands in an open piece of ground unprotected by walls: were there walls, a good airing yard might be made.
Matelle.—The gaol is simply a lock-up house, consisting of three small rooms; and the space enclosed is so confined that the buildings are scarcely capable of extension. (See Answer No. I.) A female ward is much required, as also other additional rooms, for which however there is no space within the walls, and the yard ought therefore to be greatly enlarged.
Nuwera Ellia.—A lock-up house consisting of three rooms. There is no means of extending the same; and there is no workshop, nor yard, around the gaol.

ANSWERS TO QUESTION XXII.

WESTERN PROVINCE.

Welliedde, Colombo.—None.

Hulfsdorp, Colombo.—None.

Pantura.—None.

Caltura.—None.

Negombo.—None.

Kaigalle.—None.

Avishawelle.—None.

Ratnapoora.—The gaol is at present in a tolerably good condition. The prisoners are generally healthy; and their dietary allowance is sufficient. There is a good well in the gaol. No complaints are made by the prisoners.

NORTH-WESTERN PROVINCE.

The accommodations afforded by the gaols of this Province are so very inadequate, that they are not only unable conveniently to hold the average number of inmates confined therein, but are so overcrowded at times as to endanger the health of the occupants. The buildings in general occupied as gaols are too slightly constructed to afford security; on the other hand, but little dependence can be placed on such persons as are employed as gaol guards,—the salaries allotted to them being too low to secure the services of respectable men.

SOUTHERN PROVINCE.

The gaol at *Galle* is in such a state of disrepair, and altogether so ill adapted to the purpose for which it is employed, that the state of discipline at present existing is very lax. The Fiscal is compelled to commit a breach of prison regulations, in associating tried with untried, civil with criminal prisoners, for lack of suitable accommodation. The facilities for communication from without are numerous. A sum of £2970 has been sanctioned for the construction of a new building on a different site, which is now in progress and which it is confidently believed, will act as a salutary check on these abuses.

EASTERN PROVINCE.

Trincomalie.—None.

Batticaloa.—The gaol is far too small for the number of prisoners it has frequently to contain, and is rapidly falling into decay. There is no means of classifying the prisoners. The ward in which female and Civil prisoners are confined is so close, that the door is of necessity left open during greater part of the day, and when female and Civil prisoners happen to be in gaol at the same time, the latter have to be in mere nominal confinement in the Verandah of the Gaoler's room, and from which with the inefficient guard allowed, he could with ease escape at any moment, as the room is outside of the gaol walls.

NORTHERN PROVINCE.—None.

CENTRAL PROVINCE.

Kandy.—None.

Badulla.—The gaol is a very insecure place of confinement, and too open and exposed. It is very advisable that a better building, on a more convenient plan, should be constructed, and the premises enclosed by a high wall.

Matelle.—The gaol requires to be enlarged, to furnish necessary accommodation for the turnkey, an apartment for female prisoners, and a lock-up cell of great security for prisoners committed on serious charges. For this purpose, the space within the walls should be greatly enlarged.

Newera Ellia.—None.
